Features & Benefits

- 18 lb. capacity washtub provides lots of room for larger loads
- Electronically controlled motor, with out-of-balance logic, manages and redistributes unbalanced loads for uninterrupted wash cycles
- High spin speed of 1000 RPM means less water left in clothes for faster drying cycles and lower energy usage in the dryer
- 1 year warranty on any part on the entire machine in on-premises laundry applications

Available Controls

Control	Description
	The E Mech control's straight-forward design offers users simple water temperature and fabric selections. Cue lights keep them aware of what wash cycle the washer is in or if the dryer is in-use.
